DETAILED ACTION

Remarks

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 06/25/2007 has been entered.
2. Applicant canceling claims 10-15 is acknowledged.
3. Claims rejections under 35 USC § 103 are withdrawn.

Response to Arguments

4. Applicant's arguments, see Remarks, filed 06/25/2007, with respect to claims 1-9 and 16-29 have been fully considered and are persuasive. The rejection of claims 1-9 and 16-29 has been withdrawn.

Allowable Subject Matter

5. Claims 1-9 and 16-29 are allowed.
6. The following is an examiner's statement of reasons for allowance:

The prior arts of record fail to teach or suggest in combination, the arrangement that “a **locked loop circuit to indicate a timing between an input signal and an output signal without reference to either the input signal or the output signal; and a processor coupled to the locked loop circuit to control the locked loop circuit to synchronize an input signal of the locked loop circuit to an output signal of the locked loop circuit and perform at least one other function in the system not related to the control of the locked loop circuit**”, in combination with “wherein the control of the locked loop circuit by the processor includes the processor performing the following: reading a first value provided by an interface of the locked loop circuit indicative of a timing between the input signal and the output signal and the processor, based on the first value determining a second value indicative of a delay to be imposed by the locked loop circuit, and writing the second value to the interface of the locked loop circuit” in order to form “A SYSTEM”, as recited in claim 1, and some variation of wording as recited in claims 16 and 24, and further limitation of their respective dependent claims 2-9, 17-23 and 25-29, correspondingly.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
